

Winterbourne Junior Girls' School

Year 5 Newsletter

Week ending: Friday 9th March 2018

Welcome to our weekly newsletter; please read carefully so that you know about the changes that are taking place this week after our snow days..

During the week beginning 5th March we will be learning about:

Maths: Percentages, linked to fractions and decimals. This is a continuation from last week and the girls will be using their percentage knowledge to solve word problems.

Writing: We will be continuing with Bess's story. The SPaG focus will be use of punctuation to add subordinating clauses.

Reading: We will continue to look at **figurative language**, as well as how characters are created in fiction text.

Topic: It's Science Week! Year 5 will be visiting the Science Museum as well as taking part in some exciting themed lessons.

iHola!

In Spanish, Year 5 will learn how to describe their families in Spanish using the verbs 'tengo' and 'Hay'. This will help them to create a family tree in Spanish.

Dates for your diary:

Some of the girls will be attending the CSMA performance on Monday March 12th.

Please remember to return the consent slip for the Science Museum visit—can you come along on the trip with us?
