Earth Hour

Earth Hour takes place on Saturday, 30th March, from 8.30, when people across the globe will be switching off their lights for an hour to show that they care about the future of the planet. Why not turn off the TV and power down the devices, and sit down with a book? This would also be a great opportunity to discuss the issues which are affecting the planet, such as pollution and deforestation, and which link to Science, Geography and PSHE.

ENRICHMENT DAY:

Thursday 4th April is the second of our enrichment days for this year. There is a History focus this year, exploring both British and world history. Girls will be taking part in a range of fun activities throughout the day.
