

Winterbourne Junior Girls' School

Year 6 Newsletter Week ending: Friday 25th January 2019

Bar Modelling:

Over this half term the pupils will be deepening their understanding in the use of bar models to answer reasoning problems. This method enables mathematical problems to be broken down and simplified. If you are interested in finding out more about bar models, then please look at the youtube video that introduces the concept: <https://www.youtube.com/watch?>

Year 6 Attendance this week

As a school, we are aiming to achieve an attendance target of over 97%. We are currently at 96.82%

6.1: 92.50%

6.2: 97.14% Well done to 6.2!

6.3: 94.23%

Star students of the week:

(6.1) Nida and Amtul

(6.2) Fiona & Tyra

(6.3) Zara & Aminah

Well done to the following girls, for achieving 90% or above in an AR Quiz: Nikola, Tanya, Yasmine, Nida, Aminah H, Adriel, Husna, Samira, Amtul A, Gemma, Raz, Aamna A.

Maths Student of the Week

Starting from this week, one girl in each of our Maths or English sets will be awarded a voucher for making the *greatest progress* in her group. This week, the Maths awards went to:

Raz, Renee G and

Tiana S

Switch off Prejudice—Workshop

As a follow-up to previous work on identifying and 'switching off' prejudice, this week Year 6 took part in workshops which explored the ways in which people can be manipulated by half-truths in the press and social media. They were encouraged to use the internet to check on the factual content of items, images and memes they see published on social media and news sites, to help them to identify 'fake news' and other attempts to influence their thinking.

On the right is the image which was used to introduce the Workshop—can your daughter tell you what's wrong with it?

"Don't believe everything you read on the Internet just because there's a picture with a quote next to it."

—Abraham Lincoln
