

Year 3 Newsletter 24

Week ending: Friday, 15 March 2019

Weekly Attendance Percentages

3.1: 96.43 %
3.2: 94.29 %

Whole School: 96.79%

Science Week

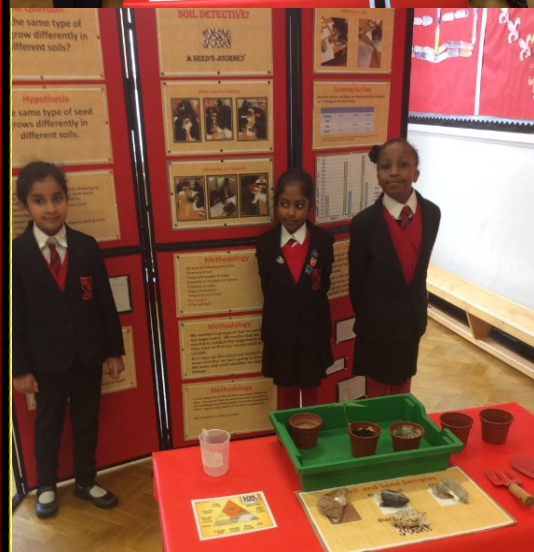

The Science Fair on Wednesday went extremely well. We would like to thank all the parents and carers who took the time to view all the science investigations. We would also like to thank all the pupils who contributed to such a successful event.

3.1 A Quick Safe Scoot

Investigative Question: *Which surface has the greatest amount of friction?*
The class tested sand paper, rubber, carpet, corrugated plastic and shiny plastic. What surface do you think had the least and most amount of friction?

3.2 Soil Detective

Investigative Question: *Will the same type of seed grow differently in different soils?* The class tested sand, potting soil and clay. Did they grow differently?

Topics for the Week

English: Letter Writing
Maths: Money: Subtraction
Science: Magnets
