

Logging on to Google Classroom

To access the google classroom for remote learning you will need to use a device connected to the internet. If you are using a computer, you can login through a web browser using this URL: <https://classroom.google.com/h>

If you are using a tablet, phone or iPad you will need to download the google classroom APP.

Pupils will need to use their school login up to the .306 and follow it by:
@winterbournegirlsschool.co.uk

It will re direct you to the LGFL page and then you enter your login and password once more.

They will then need to use their usual school password.
