Courage

Winterbourne Junior Girls' School

Year 6 Newsletter Week ending: Friday 10th July

Art Week

The girls had fun this week finding materials from nature with which to create artworks, in the style of Andrew Goldsworthy. Following on from this, we created leaf prints and rubbings, and 6.2 used some pine cones to make their own Golden Snitches from Harry Potter!

6.3 collected leaves of various shapes and sizes and used them to make very beautiful and striking prints.

Transition Support

This week, Year 6 started a series of four sessions which are aimed at easing the transition from Year 6 to secondary school.

The girls have been sharing some of their worries about this big change, which has made many of them feel more confident about their new start in September.

Please remember to check that your daughter has filled in the Year 6 Farewell Afternoon Attendance form, which can be found in the Google Classroom for her class group. This will help us to provide sufficient refreshments for our special afternoon on Thursday 16th July.
