# Winterbourne Junior Girls'

## Year 6 Newsletter

**Week ending: 18th September 2020**

Please talk to your daughter about her assessments this week. We have assessed the girls in order to get a good picture of where they are in their learning, so that we can work together with them to maximise their progress.

In year 6, the foundation subjects are being taught on a rotation of Science, Computing, Geography and PHSE. In Science, they will be learning about the Solar System in depth and in Geography, they will be exploring how children's lives differ if they have grown up in different countries around the globe.

### Geography Project this Half-term is: Growing Up Around the World

This project is going to provide our girls a unique insight into what it means to grow up in different parts of the world, the challenges, hopes and dreams of the 10 children and the impact of the world around them.

Star students  
of the week:

(6.1) Ainhoa, Shania

(6.2) Jinal, Shashiny

(6.3) Yumnah & Libby

### Saturday Tuition

starts this week, from 1.30-3-30. The girls need to arrive by 1.20 so that they can be ready to learn by half past. Please remember that snacks should be light and easy to eat during the five-minute break.

We are looking forward to our Saturday sessions!

Accelerated Reader Quiz Certificates go to :

(6.1) Ainhoa, Veena

(6.2) Sinthyaa, Payal, Hadia, Anishka, Mahirah,  
Anushka

(6.3) Princess Paris , Mahira and Destiny
