Black History - Enrichment Day

On Wednesday, the children took part in three special activities linked to Black History Month. The first activity explored 'Beading' and the girls made colourful necklaces and bracelets using paper to create their own beads. The second activity explored the history and significance of carnival to people from the Caribbean. The girls made beautiful, ornate masks. The third activity introduced the children to Katherine Johnson, Mary Jackson and Dorothy Vaughn and their invaluable contributions to STEM and in particular their roles at NASA through the 1960s to 1990s. The girls designed space suit mission patches to commemorate these remarkable women.
