Based on the book "Have You Filled A Bucket Today?" by Carol McCloud. We all carry an invisible bucket that contains our feelings. When our bucket is full, we feel great. When our bucket is empty, we feel sad. A bucket filler is someone who says or does nice things for other people. By doing this, they are filling other people's buckets and filling their own bucket at the same time. On the other hand, a bucket dipper says or does things to cause other people to feel bad. A bucket dipper empties their bucket when they say and do mean things. We are learning to be bucket fillers not dippers!

Try to fill a bucket EVERY DAY!

Happy Diwali to all our pupils and parents who are celebrating.
