Bookings are open till tomorrow (Saturday 14th November 2020) for you to book a 10-minute slot to virtually meet your child's teacher. You will be sent an email with the online code the day before your appointment.

The Truth About Drugs & GOING FOR GOALS. Year 6 workshop

This week, Year 6 has taken part in a drug awareness workshop. These sessions are part of our safeguarding training for pupils and run every year

As the year progresses, Year 6 will be having a range of workshops on different topics to help them prepare for their transition to secondary school

Science This week....

Year 6 experimented with different circuits to test their electrical problem-solving skills. Each group investigated different types of circuits using various components and learnt how to work systematically when conducting science experiments. They identified and made predictions if a circuit would work or not. They also explored why a circuit might fail to work and what could be done to fix it.

Word of the Week:

Bemoan
