## Year 4 Newsletter

**Week ending Friday 20th November 2020**

**This week:** In Geography, we looked at the concept of deforestation. We discussed the many important functions of the rainforests including stabilising the world's climate and home to a variety of animals and plants. We identified reasons why our rainforests are being destroyed and suggested ways of preserving them.

We also looked at Graphic Lettering and analysed graphic lettering on Food packaging. These concepts are linked to our unit of study: Should We Stop Eating Chocolate?
