caught	threw
court	break
reign	brake
rain	great
through	grate

Computing

This term we will be working on how to prepare and use Google Slides for presentations. The girls are welcome to continue working on them after class. They will be learning how to add, edit and format texts; how to change the design of presentations, Insert slides, pictures, videos and URL links; and adding shapes and lines.

Google Slides

NEXT WEEK

English:

We started our new Classic reading book this week: George's Marvellous Medicine. We are going to use this text for our Guided Reading and Writing lessons this term and have already completed some character descriptions of George and Grandma this week.

Maths

Mental Calculations.

Geography

Our Edison learning this term has a Geography focus: "How can we make living here better for everyone?"

This week we have started exploring changes humans make to the natural environment by building new houses. We have discussed "Window" by Jeannie Baker and compared the changes between pictures, using Padlet, an online tool for collaborative work.

Using the connected curriculum, our Art work has included using sketching skills to create sketches of what we can see through a window.

Next week in Geography, we will be mapping our different routes to school, using messy maps. We will also be introducing our new Science topic: Rocks and Soils.

Homework

Day	Weekly Homework beginning Monday, 11/01/21	Due
