

# Winterbourne Junior Girls' School

## Year 4 Newsletter

**Week ending Friday 12th March 2021**

It was lovely to have all our pupils back at school this week.

On Monday, our school celebrated International Women's Day with our pupils participating in the Jerusalem Challenge. Each pupil also made a "Challenge for Change" pledge in support of women all over the world.

We launched our Science Week, the theme of which, is "Innovating for the future". Pupils have all started an Innovation Project. So far, they have identified a need, conducted research and identified possible solutions. Each morning, pupils are given a picture stimuli from which to identify and discuss aspects of science.

Look at the picture: What's the Science?
