The Fourteenth Stop

On Monday afternoon, we will be taking part in an interactive theatre performance

Join 10-year-old Taaliyah on an interactive adventure as she rides London's longest Night Bus route, transforming the sleepy streets into a wonderland with her vibrant imagination. It's a long journey, full of unexpected and exciting challenges, but she's determined not to fall asleep - because Taaliyah knows that with a little help and a lot of courage she can overcome anything the world throws at her.

Please allow them to take the following items with them to school on Monday to use during the performance:

A backpack (this could be your school bag) containing 3 of your favourite items:

1. Something solid;
2. Something they can eat (a healthy snack: apple, banana, plain digestive biscuits etc);
3. Something that makes them feel happy.

Please don't bring in anything fragile or too precious in case it gets broken or lost.

The first night bus was introduced in 1913
