Year 6 MHST Transition Workshops this week...

During these workshops, strategies were discussed to help with worries the Girls may have related to transition from Primary to secondary schools. The Girls explored how to build on skills to help with starting a new school and successfully managing this change. These workshops will continue for a further two days next week.

Transition to Secondary School

Windrush Enrichment day this week was a perfect opportunity for the girls to acquire knowledge about the History of Windrush Generation and its importance in a current context. Through 10 enriched activities, which were set up across the school, our girls learnt about the Geography, Art, Literature, Culture, Sports, Natural world and Music of the Caribbean.

Throughout the day, the girls were immersed in a rich vocabulary to open doors to the world around them. Through such memorable events and celebrations at WJGS, we are aiming for our girls to be the best that they can be as they grow up and have the skills and attitude they need to succeed. We also believe that such events contribute towards our pupils' Cultural Capital Development. We are very proud of supporting the empowerment of these young people and helping them to be enabled to change the future narrative.
