Year 3 Newsletter 10

We're working towards Artsmark
Awarded by Arts Council England

Week ending: Friday, 19 November 2021

This Week...

The girls edited and published their chronological reports about Ancient Egyptian's mummification process which they have been working very hard on!

In History, the girls gained an insight into the ancient world's of the Shang Dynasty, Indus Valley, Ancient Sumer and Ancient Egypt. They learned about their agriculture, their way of life, their inventions (which inspired many things we use today) and what their written language was.

We have also consolidated our understanding of Addition and Subtraction Column Method with and without regrouping and have started our multiplication topic in Maths.

Thank you for all of Year 3 harvest donations so far. The food collected will be donated to a food bank in Croydon. You can still donate until the end of next week. You can donate items like: breakfast cereals; soup; pasta; rice pasta sauce; tinned beans, meat, vegetables and fruit.

History—Poster of Inventions from the Ancient Civilisations H/W:

As the girls were intrigued about the ancient civilisations in history, please assist your child to make a poster about one of the ancient civilisation's inventions.

Multiplication Maths

It was lovely to meet all of you in Parents Evening. As discussed in parent's evening, please ensure your child is practicing their time tables on a daily basis using the time tables poster provided!
