

Winterbourne Junior Girls'

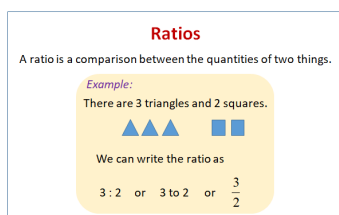

Year 5 Newsletter Week ending: Friday 14th January 2022

Welcome back to our second week back of learning. The girls have settled down well and are getting back into the routine. We need to encourage the girls to read at home for at least fifteen minutes every day and use a dictionary to look up words they do not understand. We have a fun filled enrichment day planned next Monday where the focus will be Science experiments! Watch out for the pictures next week!

In Maths next week, we will learn Understand that ratio is a way to show the relative sizes of two quantities. In addition, we will find ratio in equal sets or groups of items and Use a comparison model to identify and represent quantities of given ratios. In this link, you will find more information about ratios:

<https://www.bbc.co.uk/bitesize/topics/zsq7hyc>

Next week, we will be reading about Michael's encounter with the treacherous Bay of Biscay: a stretch of water in the Atlantic Ocean famous for being stormy and rough.

We will be writing a setting description using the senses and selecting phrases for impact.

Here it is the audio for chapter 4:
