

Winterbourne Junior Girls'

Year 5 Newsletter

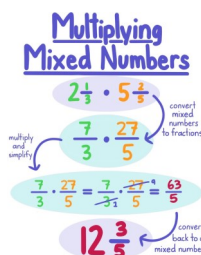

Week ending: Friday 7th January 2022

Welcome to a brand new year! We are looking forward to the year 2022 with its new learning and new opportunities. This year, we are sure that your daughter will put as much effort as she can into her work in preparation for the new challenges ahead.

Maths: Next week, we will learn to find the product of an improper fraction and a proper or improper fraction. In addition, we will practise the product of a mixed number and a whole number. All these skills that we will learn are going to be applied to solve word problems.

This website will help you to revise proper and improper fractions and also mixed numbers.

English Writing: We have started reading the book Kensuke's Kingdom. So far the girls have written a balanced argument on whether it is a good thing for the family to go sailing around the world.

Next week we will be writing a letter from Michael's perspective to his best friend. This will describe his voyage on the Peggy Sue so far.

Chapters of the book can be found on the Year 5 Google classroom. Please ensure that the girls are reading for 15 minutes everyday.
