

# Winterbourne Junior Girls'

## Year 5 Newsletter

### Week ending: Friday 4th February 2022

As we make our way into February, we would love to see and hear about the children making more trips outdoors and into open public spaces such as parks, libraries and museums. Year 5 have been looking at future goals and ambition. Has your daughter told you about what she aspires to be?

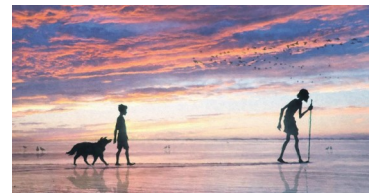

**Maths** Our main focus in maths next week will be to divide decimals by tens, hundreds and thousands. We will be using place value charts to help us understand the placement of each digit. This video on youtube is brilliant at explaining the method used. <https://www.youtube.com/watch?v=GfL0s6tCNV4>

$$3.02 \times 10 = 30.2$$

$$3.02 \times 100 = 302$$

$$3.02 \times 1000 = 3020$$

**English** This week the children will be describing their impression of Kensuke! Is he good? Or is he evil? Now that Michael is stranded, they will write from a letter from Michael to his parents. Will it ever reach them?
