Week ending: Friday, 4 February 2022

This Week's Learning English

The girls wrote a setting describing fjords in Norway. They used the virtual reality headsets to view fjords so they could incorporate technical vocabulary for the geographical features. On Thursday and Friday they answered Reading Comprehensions in order to develop their comprehension skills.

Maths

The focus has solving reasoning

problems involving pie charts. The girls then learnt how to draw pie charts.

Science

This week, we focused on the cold environment.

PSHE

The girls, through a class discussion, described ways in which they can work with others to make the world a better place.

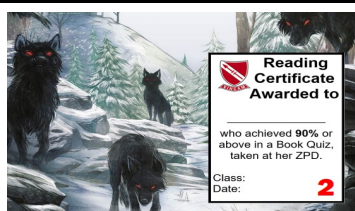

Physical Education

We played a game called kabaddi where there are two teams in which individuals take turns to chase and try to touch members of the opposing team without being captured by them.
