Week ending: Friday, 18 March 2022

This Week's Learning

English

This week we wrote a fact file about Pre-Raphaelite painters by select relevant information from the facts from the research material.

Mathematics

The girls compared and ordered fractions, and also worked on word problems involving fractions.

Reminders

Extra Tuition Tuesday, 22 March, 15:45—17:15

Saturday Tuition

Science Week: 14 - 18 March

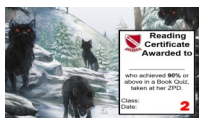

Science Enrichment Day

A report by Prapha in 6.3

On Science Day we went to five different classes where we learnt about different exciting things. For example, in one class, we learnt about different toothpaste: Colgate, Aquafresh and Boots toothpaste. We then checked to see which toothpaste was better by using a toothbrush to rub off a black line on a plastic cup. Enrichment Day was such an entertaining and interesting day. I can't wait for the next one.

	Colgate Toothpaste	Aquafresh Toothpaste	Boots Toothpaste
Does the toothpaste clean well?	Yes because it instantly rubbed off the line.	Yes it was also very quick to brush off the line.	Yes although it took longer to take off the line.
Does the toothpaste have an attractive colour?	No. It looks very bland.		
Does the toothpaste smell fresh?	No because it doesn't smell fresh.	Yes because it smells fresh and clean.	Yes it smells really good and clean.
Does the toothpaste foam well?	Yes it foams when I put it on the black line.	Yes because when I put it on the black line, it foams really well.	Yes because it kept foaming.
Rate the toothpaste overall out of 10. 1 - lowest, 10 - highest.	9 because it didn't smell clean enough.	8 because it took longer to brush off the line.	10 because it took the longest to clean.
