This week...

This week was definitely a week to remember! The girls had a memorable time at London Wetland Centre! They completed three nature activities in their groups to help the character Ava find out more about her transformation into being half human and half osprey. The girls also played in the adventure playground which they described as being like a secret garden!

A big part of the London Wetland Centre's project is to encourage parents / family members to carry out nature activities with their children. Each child has been given a FREE family ticket to go to London Wetland Centre. Simply follow the instructions in the envelope provided today.

Once your daughter logs into the Ava's Destiny website, she can complete activities. If she completes ten activities, she will be awarded a certificate and a guardian of the wild badge!
