Winterbourne Junior Girls' School

Year 6 Newsletter 5

Week ending: Friday, 7th October 2022

This Week's Learning

In Maths, we have moved on to learning about angles in shapes. The girls have used their knowledge of properties of geometric shapes to find missing angles in shape diagrams. This knowledge will also be crucial when we come to learning about pie charts later in the year.

Privilege Ties

We had our Privilege Tie Assembly this week. Year 6 pupils received their privilege ties, which are black, bearing the school logo, and mark them out as the eldest pupils—and therefore role models to the rest of the school. As well as this visible reminder of their position, Year 6 girls are allowed to sit on the benches in Assembly and are looked up to by the rest of the school. The responsibilities which go with this include modelling excellent everyday and learning behaviour, and setting an example to younger girls, as well as a range of jobs and roles around school.
