

Winterbourne Junior Girls' School

Year 5 Newsletter

Week ending Friday 18th November, 2022

This week, Pupils have discussed and written explanations about how to become a true firework maker based on the class novel—The Firework Maker's Daughter. In Maths, they added and subtracted fractions with unlike denominators which entailed making equivalent fractions, identifying factors and finding and using the lowest common multiple (LCM).

In Science, pupils looked at the concepts of solids, liquids and gases and categorise substances in each category. They also played the Solid, Liquid, Gases game to aid their understanding and explaining of how molecules behave in each material type.

Pupils compared two accounts of the Christmas story, found in the Books of Matthew and Luke respectively, using a Venn Diagram to display the similarities and differences.

On Thursday morning, pupils joined many schools around the world in a virtual session to celebrate World's Philosophy Day. During the afternoon session, they joined another live session: *World Toilet Day*—an event held in collaboration with water companies across the UK, known as We Are UK Water.

Curriculum

Class Text: The Firework—Maker Daughter

English: Poetry

Math: Converting Fractions to Decimals

RE: Christianity

Science Unit: Mysterious Materials

Homework

10 min English & Maths Summer Workout 11

Thank You

Thank you for your attendance at Parent Evening. It is always a great opportunity for us to work together to decide how best to support your child's achievement.

Please remember to give your daughter suitable attire as the weather changes.

Please follow us on
