

## Miss Butler – English Lead

I am an experienced teacher with a BA (Hons) in English, I have a background in teaching English at Secondary School where I was a literacy leader for 5 years.

I am passionate about communication. I love to read and watch anything and everything- I will literally analyse anything if you give me the chance! I also enjoy creative writing as well as developing my students' enthusiasm and skills in this area.

English is my first love, but I enjoy teaching all the subjects- which incidentally also demand English skills to some extent whether it is reading, writing drama or speaking/listening.

In my opinion, there are many reasons why this school is a fantastic place to work. All the staff work tirelessly to do the best for your children and to support one another in our goal to be the best we can. Also, the children make the place special because they are so caring and enthusiastic.

Interests: Reading (any genre), I have 2 cats called Midnight and Nova.
