## Year 5 Newsletter

Week ending Friday 24th March, 2023

This week, pupils completed assessments in Reading Comprehension, Maths - Arithmetic and Reasoning and Grammar. They have begun their mini DT project of making a Shaky Hand Tester Game which is linked to our study of electrical circuits in Science

and the Fairground in DT.

In computing, they used the programme "2Design" to explore the effect of moving points when designing. Pupils adapted one of the vehicle models by moving the points to alter the shape of the vehicle while still maintaining its form.

Our discussion during PSHE focussed on issues relating to alcohol consumption and peer pressure. Pupils discussed what information they need to know so that they can make informed decisions, should they find themselves in situations where they feel pressured.

In Grammar, pupils looked at the apostrophe when it is used for omission. They wrote sentences using examples of these.
