## Year 5 Newsletter

Week ending Friday 5th May, 2023

This week, pupils described the main characters (Highwayman, Bess and Tim), in the class' text—The Highwayman using similes and metaphors. They first planned their writing by identifying similes and metaphors specific to each character, then developed these descriptions in paragraphs.

In Maths, pupils calculated the value of a percentage using the unitary and multiplication methods. They solved percentage word problems using real life situations such as calculating VAT and service charge.

Pupils further explored the concept of sound in Science, building on the knowledge gained in Year 4. They investigated sound using a tuning fork and a ruler and were able to conclude that air does not transmit sound very well, so the shorter the distance the sound waves have to travel through the air, the louder and clearer the sound will be.

Pupils also worked on their DT Fairground project, adding a central shaft, wheel, pulley and corrugated board, completing the main part of this project.

In PSHE, pupils discussed their personal qualities recognising these as characteristics that describe how an individual thinks, behaves and feels.
