## Year 3 Newsletter

Week ending: Thursday, 20 July 2023

We're working towards Artsmark Awarded by Arts Council England

It was a pleasure to teach your daughters in Year 3 this year. They have shown commitment in all areas of their learning and their dedication towards their learning was admirable. We will wish them all the best of luck for Year 4!

Miss Akhtar, Miss Clarke, Mrs Broughton & Mrs Rahim

Value of the month:

Courage

### Design & Technology:

As part of sports week, the school completed activities based around healthy living. Year 3 had the opportunity to learn about breads around the world, how bread is made and how they got a chance to bake some bread. They created the bread in teams and were able to apply their knowledge of the different bread shapes when creating their own bread.

The girls also got to use the five senses to evaluate the taste of their bread.

Please ensure your daughters complete their summer holiday homework.

They should also complete activities on MyMaths and read on MyOn and complete quizzes.

They should aim to learn all their times tables up to 12. They practice their times tables on Hit the Button website and Purple Mash. This will help with quick recall of the times tables.

### Maths:

The girls have finished the chapter Perimeter. They are now able to identify the perimeter using the multiplication method and addition method.

We have sent their workbooks home (2A, 2B, 3A and 3B). Please encourage your daughters to complete the incomplete pages in the workbooks and use it as a guide to recap all their learning for Year 4.

Don't forget to join the summer reading challenge! Your daughter can start the challenge at any Croydon library.

We will be asking the girls to bring in their certificate of achievement from the challenge in September.

Happy Reading!
