RE: Christianity

Science Unit: Do we make the most of what's right on our doorstep?

This week, pupils have written a newspaper report based on the event in the class text: The Giant's Necklace. They have revisited the features of newspapers and have applied these features to their written work.

In Maths, they completed calculating volume of cubes and cuboids, further exploring these using word problems.

In Science, pupils looked at the concept of conception and explored the statement *Before a couple decides to have a baby, they should...*. Using the Diamond Nine format they rank order the statements from most to least important. They also completed another section of their *Grow your Own Project*.

Pupils created mood maps of the playground in **Geography**. They visited areas in the playground and documented the emotions they feel while there.

In **Computing**, they discussed the advantages, disadvantages and purposes of altering images digitally. Using 2Paint a Picture tools, pupils manipulated and edited images.

In RE, pupils used picture clues to describe how Christians show commitment to God.

Pupils showcased their musical accomplishments achieved in SoundProgress in a concert to parents and Year 4 pupils.
