Week ending: Friday, 13th October 2023

Our Learning this week:

This week we have continued learning about successful black people for Black History Month and learning about their journeys to success. The classroom discussions regarding each person were reflective and insightful.

As it was assessment week this week, the girls worked really hard

to complete all their SATs practice papers to the best of their ability, Well done Girls!

In English this week, we have started our new book 'Two sisters: a tale of freedom'. This week for our writing, we have embodied the main character Ruth in order to write a diary entry from her perspective. The girls made sure to include a range of emotive lan-

guage and depict the characters thoughts and feeling clearly.

In Maths this week, the girls have been applying their division knowledge to work out 'multiples' and 'factors' of numbers. They have been revisiting their times tables knowledge to solve and unpack word problems about multiples and factors.

D&T Project

We have been studying the design and aerodynamic features of rockets. We created our own air powered rockets and carried out a competition to see which shape launched furthest.
