

Accessibility Plan

Purpose of the Plan

The purpose of this plan is to show how Winterbourne Junior Girls' School intends, over time, to increase the accessibility of our school for disabled pupils. Winterbourne Junior Girls' is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs.

Legislation and Guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Within this framework, schools have a duty to carry out accessibility planning for disabled pupils. Schools must implement plans which are aimed at:

- Increasing the extent to which disabled pupils can participate in the curriculum
- Improving the physical environment of schools to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improving the availability of accessible information to disabled pupils

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

Advice will always be sought from Croydon Local Authority as how best to support the needs of any specific child. All reasonable adjustments will be made to meet these needs. Educational Health Care Plans will be signed by the SENDCO and parent. All Care Plans will be regularly reviewed. Monitoring at Winterbourne Junior Girls' School recognises that it is essential to ensure that pupils with disabilities are not being disadvantaged, and that monitoring leads to action planning. We will monitor: Attainment, Progress, Attendance and Punctuality.

Training

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

Plan Availability:

The school makes the Accessibility Plan available in the following ways:

- A copy is posted on the school's website
- Paper copies are available from the front office

Review and Evaluation:

It is a requirement that our accessibility plan is resourced, implemented, reviewed and revised as necessary and reported on annually. Below is an action plan showing how Winterbourne Junior Girls' School will address the priorities identified in the plan. The plan is valid for three years 2020-2023. It is reviewed annually.

Aims

Winterbourne Junior Girls' School aims to include all pupils, including those with disabilities, in the full life of the school.

Our strategies to do this will include:

- ensuring we are carrying out our statutory duties for access planning
- ensuring equality of opportunity for all learners with a disability
- having high expectations of all pupils
- finding ways where reasonably possible in which all pupils can take part in the full curriculum
- planning out-of-school activities including all residential school visits and excursions so that pupils with disabilities can participate where reasonably possible
- devising teaching strategies which will remove barriers to learning and participation for pupils with disabilities
- ensuring the physical environment of the school caters for the needs of pupils with disabilities where reasonably possible
- Including disability awareness as part of our PHSE programme
- Showing how Winterbourne Junior Girls intends, over time, to increase the accessibility of our school for disabled pupils and the disabled community at large

Physical Environment

There has been significant investment in measures to improve physical access to school through adaptations to school buildings.

Winterbourne Junior Girls' School has been well adapted to meet the needs of disabled pupils, staff or members of our community:

- The school is a two storey building with lift access to the first floor.
- Ramps have been installed on both sides of the building to enable access.
- All rooms have disabled access.
- There is one adult disabled toilet in the school.
- Hygiene changing/wet room.

- Internal steps/stairs have contrast colour edgings.
- There is a continuous handrail on each internal stair flight and landing.
- Meeting Room installed close to reception area.

We work in partnership with parents in various ways including: consultation meetings, assemblies and special events. Additional meetings are arranged if needed.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

The Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:

Equality Objectives

Health and Safety Policy

Special Educational Needs and Disabilities Policy

Positive Behaviour Policy

School Development plan

School Brochure/ prospectus and Vision Statement

Supporting Pupils with Medical Conditions

The table below is based on our current assessment of accessibility for pupils with SEND. It sets out priorities across the school in a number of areas and the relevant timescales for action to increase accessibility for pupils with SEND. Progress on these measures will be updated annually and reported to the governing body.
