Awarded by Arts  
Council England

**Week ending: Friday, 12th January 2024**

## Happy New Year!

We hope you all had a restful break! The first week back has already been filled with lots of sweaty work.

### Maths:

We are consolidating our multiplication skills and have introduced the standard algorithm for division. Why not ask your daughter how to solve this calculation—72 divided by 3.

$$\begin{array}{r} 16 \\ 4 \overline{) 72} \\ \underline{- 4} \phantom{0} \\ 24 \\ \underline{- 24} \\ 0 \end{array}$$

### English:

We introduced the book ABC'S of Guatemala and the girls used facts from the book in their writing—in particular, History and Geography facts, to write report about Guatemala. Our sentence focus was 2A sentences including the senses. For example, you can taste delicious, warm tortillas.

## Topic Title Page:

We are ready to start our new topic for this half term, next week. Our new topic title is: Let's go on an adventure. Would we like to visit Guatemala?

The subject focuses are D&T, History and Geography. We are learning all about Guatemala, a country in Central America. We will recall our learning about the ancient civilisations and buildings and explore the story of the discovery of the Tikal city site in Guatemala. We will also be exploring the physical and human features of Guatemala.

## Computing:

Our new topic is learning how to use Google Slides. This week we learnt how to create a Google Slides document, insert text boxes and Word Art. Pupils learnt how to recap and practice the following features to improve their text box: border weight, border dash, border colour, fill colour, font size and font name.

Our choice of books for this half term links to our topic title. All of our books are based in Guatemala. The books are called: ABC's of Guatemala, Rainbow Weaver and The Most Beautiful Place in the World.
