## Year 6 Newsletter 19

**Week ending: Friday, 2nd February 2024**

### Road to Riat—STEM Enrichment day

Year 6 had a fantastic day in which they took part in designing, building and testing their own gliders. The learning was led by inspiring engineering experts, and was an excellent opportunity for the girls to raise their understanding of Science, Technology, Engineering and Maths (STEM) in the real world. Here are some photos of the day.

In Science this week, Year 6 worked on various tasks to recognise that characteristics are passed from parents to offspring, and that living things change over time. They also discussed why we look similar to our parents and siblings but not identical.
