

Mr Sidwell – Computing and D&T lead

After graduating with a teaching degree (majors in English and Mathematics), I started out as a primary school Science Teacher. I was fortunate to have my own fully kitted Science Laboratory where the focus was on practical investigations. The school proved to be a tremendous learning curve and a valuable starting point for my career.

I joined the teaching staff of Winterbourne as a Year 4 teacher almost 21 years ago. I initially was the Computing Coordinator and a member of the Senior Leadership Team. I am currently a Year 4 teacher and subject leader for both Computing and Design and Technology.
