# Year 6 Newsletter 27

**Week ending: Friday 19th April 2024**

### English

This week, we have been focusing on our reading skills. The girls have read, discussed and answered a variety of comprehension questions about a range of non-fiction texts. This involved learning and interpreting information about the polar regions of the earth as well as reading and discussing articles about the meaning of Art and the life and the achievements of Education Activist, Malala.

### ASSESSMENT WEEK!

Next week, the girls will have their final set of assessments to ensure they have completed enough practice to enable them to achieve their best in the national SATS tests.

Please ensure your daughter is well rested, and comes to school on time every day. Encourage her to put her best efforts into her tests.

In Geography this week, The girls practiced their mapping skills. They used 6-grid references to plot Charles Darwin's expedition across the Galapagos Island .

For the second session, they explored continental drift and sorted the continent shapes to recreate how it is

thought they were fitted together before the drift.
