Year 6 Newsletter 28

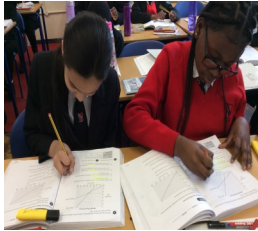

Week ending: Friday 26th April 2024

Maths

This week, Year 6 learnt how to present and interpret information in different ways. They specifically focussed on line graphs; drawing reading and interpreting the information in them.

They also explored a variety of uses for line graph, including converting units of measurements and currency.

PHSE

Following on from last week's lesson, the girls looked at different strategies they can use to manage stress and ensure that they are looking after their mental wellbeing. The girls split these strategies into two different focuses: **'Physical'** and **'Mental'**.

Some excellent ideas that the girls thought of were exercising, eating and sleeping well, doing things that they enjoy and finding people who can help.

Assessments this week...

SATs
Revision and
test preparation

The girls performed well in their assessment this week, providing valuable preparation for their upcoming SATs. Their results also offer a final chance to identify areas for revision.

Encouraging your daughters to maintain their revision routine is crucial for solidifying their year-long learning. Please ensure their consistent attendance at school, including Saturday Tuition and Tuesday after-school boosters.
