

# Winterbourne Junior Girls' School

## Year 3 Newsletter

We're working towards Artsmark Awarded by Arts Council England

**Week ending: Friday, 10 May 2024**

### English:

The girls have learnt how to accurately use fronted adverbials and adverbs to express pace and time. They have stepped into the shoes of the main character Mary and have imagined the scene where Mary has finally discovered the key to the secret garden!

### Maths:

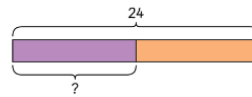

The girls were adding and subtracting fraction within 1 whole, with the same denominator, this week. They also used their fraction knowledge to solve word problems involving measurement. Next week, we will be consolidating fractions.

Lulu made 24 party bags for her party.

She put a puzzle in  $\frac{1}{2}$  of the party bags.

How many party bags have a puzzle in them?

1 Find  $\frac{1}{2}$  of 24 party bags.

$$24 \div 2 = 12$$

12 party bags have a puzzle in them.
