Week ending: Friday 28th June 2024

This week, for our Enterprise projects, the girls created prototypes, assessed their quality, gathered feedback, and refined their products to enhance profitability.

Journey plans for our Trip to London

Year 6 worked in groups to plan their journeys to visit five famous landmarks in London, which helped them enhance their mapping skills. This exercise is important as it teaches children how to read and interpret maps, plan routes, and navigate public transportation. These skills are crucial for their transition to secondary school, where they will often need to travel further on public transport.
