## Year 6 Newsletter 38

Week ending: Friday, 12th July 2024

**The Mental Health Support Team** conducted a workshop this week to prepare our girls for a smooth transition to their new schools, providing them with practical strategies to cope with the stresses and anxieties of being in a new situation.

### Our Sports Day at Croydon Arena

The day was a huge success, and Year 6 had a wonderful time at the Arena. There was an impressive display of skills, stamina, determination and sportsmanship from the girls.

Well done to all and congratulations to everyone who took part.

Many thanks to all the parents who attended the event to support their children.

### Our Entrepreneur Project

This week Year 6 was busy advertising and selling the products which they made over last two weeks. The sales went very well, the girls conducted themselves highly professionally throughout the process and certainly acquired a multitude of valuable life skills and attributes. At WJGS, we strongly believe that providing our children such opportunities not only inspires them to excel academically, but empowers them in their career choices later in life, whatever they may be. Well done Year 6!
