Aspirations, Expectations, No Excuses

This Week...

Started with Ancient Greek Day where the girls learnt that Ancient Greece was made up of city states, had many gods, and started the Olympics and had many myths. The girls learnt that many women of the time didn't have the opportunity to attend school and the day started with a debate about whether girls should attend school. The 'yes' vote won which is another concept that we adopted from The Greeks, the idea of democracy. The girls really enjoyed the myth of the Midas touch and wrote some thoughtful poems about gold. The Greeks loved poetry and plays and built amphitheatres to listen to their plays in .

This was an interesting and relaxing day. We looked at landscapes and made a 3-D shadow boxes based on the work of John Dyer. The theme this year was connections and we have learnt how to turn 2 D marks into 3D shadow boxes breaking the picture into the background and foreground. The girls really enjoyed this work.
