**Week ending: Friday 19th July 2024**

### Tackling Cyber Crime

This week, the girls recognised how to make safe cyber choices when using computers and devices and understood the consequences of not following this by exploring the Computer Misuse Act of 1990. Through unpacking different scenarios, the girls worked in groups to identify wise and sensible ways to use our devices as well as positive future career pathways in technology.

### Transition lessons

In PSHE, the girls have been looking back on their fond memories of primary school and what they enjoyed most here at WJGS. With this in mind, they then shared what they were looking forward to most about their new adventures in their secondary schools and addressed any worries

Also, the girls explored the importance of imagination and pictured themselves in their future careers. They created short term, mid term and long term goals to break down how they will get to achieve their aspirations for the future.
