Our transition trip to the most famous London Landmarks

was a truly unforgettable experience for the girls as they took responsibility to plan their journeys to visit the Landmarks. The trip provided a fantastic opportunity for the girls to enhance their mapping skills while exploring the famous attractions: Buckingham Palace, Big Ben and the Houses of Parliament, The London Eye and Trafalgar Square and the National Gallery. They worked their way around the capital and led their adults throughout the trip.

The whole experience of travelling via public transport, and finding the Landmarks was invaluable to make them ready for their secondary education. Well done, Year 6!

Our Entrepreneur Project

This week, the girls have been extremely busy making various products, and packing them to be sold next week. They worked as a team to evaluate the quality of their products, and also prepared the advertisements for their companies. It will be interesting to see who the future entrepreneurs are when the products are sold and profits are calculated next week.

Our Sports Day at Croydon Arena

Please ensure that you drop your daughter off at the Arena between 8.45 am and 9.45am and pick her between 2.40 and 3.25 from there (from the Arena). The girls will need to be in her Winterbourne Junior Girls' PE kit and it would be nice if she could wear ribbons in her team colour.
