# Winterbourne Junior Girls' Year 4 Newsletter 3

Week ending: Friday 20th September 2024

## This Week...

### English

Reading comprehension skills: The girls learnt how to find answers in a text about Roman Britain. We continued to use the story of *The Iron Man* to identify features writers use to create imagery. They

include similes, strong verbs, onomatopoeia, personification, short sentences and rhetorical questions. We watched a dynamic clip from the story that successfully illustrated the imagery and associated sound effects. Our own descriptions of the Iron Man are now finished and the girls are proud of their word choices.

### Maths

We explored the place value of 4 digit numbers, we compared 3 and 4 digit numbers and looked at number patterns.

### Science

The girls were fascinated to learn about how we see. We named the parts of the eye and then looked at what happened to our pupils when it changed from dark to light. We then explored reflecting using mirrors.
