## Year 6 Newsletter 13

Week ending: Friday, 6th December 2024

Value of the Month  
for December  
**Respect**  
'Treating others with respect speaks volumes about you.'

This week in **English**, we wrote letters from Romeo to Friar Lawrence expressing his joy. We used emotive words to express his feelings and the five senses to describe the Masked Ball.

**Word of the week**  
Edible

**STEM:** Year 6s focused on assembling a robotic hand, that captivated their interest and enhanced their problem-solving skills. Through this hands-on activity, they learned how individual components work together to create a functioning device and gained valuable insights into the engineering behind assistive technologies for people with physical disabilities.

**In DT,** Year 6 conducted research to explore the work of Isambard Kingdom Brunel, and took part in discussions to decide how his achievements benefitted the people over a period of decades. Each group investigated a different development and presented their work to the class.

### Movie Night .

Movie Night for year is next Friday, 13th December. A letter has been given to your daughter containing the details. Please ensure that your daughter has brought in her slip with the cash for her snacks/ticket.

### Assessments

Assessment results show that the girls are making good progress, however, to accelerate this progress, it is important that they read regularly at home and complete their homework accurately. They also need to ensure that they practice their arithmetics from Monday to Friday to strengthen their mathematical skills.
