Winterbourne Junior Girls' School

Year 6 Newsletter 26

Week ending: Friday, 28th March 2025

This week, year 6 pupils took part in an exciting STEM workshop hosted at our school in partnership with LetsLocalise, CreativeHUT, and corporate volunteers. The hands-on sessions introduced our girls to coding, robotics, and real-world problem-solving, sparking their curiosity and confidence in STEM subjects. They built circuits, programmed LED lights, and explored how technology can drive sustainability, all while developing teamwork and critical thinking skills. This inspiring experience has given our students a glimpse into future career possibilities and the power of innovation.

In PSHE, we are continuing with our Healthy Me jigsaw piece and exploring the risks and dangers of gangs. The girls looked at what the word 'gang' means and the different reasons why people may join a gang.— recognising the dangers that come with this choice.
