Teamwork

### This Week...

#### English

We have commenced writing our science fiction stories in the third person. The girls used descriptive and emotive sentences to create mystery and suspense in their creative writing.

#### Mathematics

We have continued our work on our times tables – focusing on the x6s, x7s, x8s and x9s facts. The girls learnt other strategies to help them memorise and solve these times table facts, including inverse.

#### Science

This week the girls learnt about where to find their pulse and how to measure their BPM. They investigated what happens to our heart rate and how we feel during exercise. Ask your daughter about how to help you find your BPM.

The Heart and Pulse Rate

The heart is a muscle which pumps blood around the body. Each time the heart beats you feel a pulse.

#### History

The girls researched the life and works of numerous significant scientists. They organised the

Edward Jenner (1749-1823)

information about each scientist and their discoveries on a timeline.

#### On Thursday..

On this day, the 8th May, the girls celebrated the 80th anniversary of **VE DAY**. They learnt historical facts about the significance of VE DAY and took part in some fun filled activities. The girls sang and danced to some famous WW2 songs. Ask your daughter what she did.
