This Week...

English

The Iron Man

We learnt how to write diary entries by identifying the features.

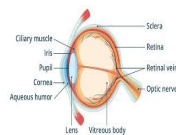

The girls used first person (pronouns), expressed the character's emotions in reaction to what was happening by using emotive words, using past tense and chronological order.

Mathematics

The girls learnt about number patterns, rounding numbers to the nearest 10, 100 or 1000, rounding numbers to estimate, and using their knowledge of numbers to solve problems.

Science

In Science, the girls learned about the different parts of the eye, including the cornea, pupil, lens, and retina, and how

each part plays a role in helping us to see. They also explored how light travels in straight lines and how reflection allows us to see objects around us.

Religious Education

This week we learnt why the Noble Eightfold paths are important to Buddhists and discussed what professions are considered acceptable and unacceptable to our community.
